Costume list – Red Haired Men

These demands depend on the quantities of the shows performed and the tour. In case of any questions concerning this costume list, please contact Aida, our production manager.

A person of the costume department or dresser is asked for the maintenance of the costumes. Starting on the setup day. The costumes should be washed and ironed daily.

When we are on tour and come straight from a previous show, we arrive with our dirty costumes. They need to be ready in the dressing room at least 3 hours before performing the first show.

After the first performance (and shows afterwards) all costumes should again be cleaned and ironed. And ready in the dressing room 3 hours before the next performance.

The theater is responsible for all expenses that are related to the maintenance of the costumes.

With us we have:

- Basic sewing material.
- Hand wash detergent.
- Washing machine detergent.

EXTRA check-up

Please check the iron tread in the costume pants.

Please iron everything inside out; this will better for the clothes.
